SKILLS

- Java
- Python
- HTML, CSS, JS
- SQL (Basic)
- MS Office
- VS Code
- Eclipse
- Problem-solving

LANGUAGES

- English
- Somali

STRENGTHS

- Quick learner
- Teamwork
- Adaptable
- Communication

CERTIFICATES

- Responsive Website Basics — University of London
- IELTS English Certificate

HOBBIES

- Reading
- Writing
- Coding
- Traveling

SUMMARY

Motivated BCA graduate with strong skills in Java, MySQL, and Python. Passionate about software development and eager to expand technical expertise through real-world projects. Skilled in building complete software solutions, debugging, optimizing code, and learning advanced tools. Highly committed to developing modern applications with clean structure and efficient performance.

EDUCATION

Bachelor of Computer Applications (2018–2022)
Jamhuriya University of Science & Technology (JUST), Somalia
CGPA: 2.9

Higher Secondary / +2
SYL Schools — Percentage: 70.57%

EXPERIENCE

IT Assistant Intern

- Assisted in troubleshooting software and hardware issues.
- Supported database tasks using MySQL.
- Helped install, configure, and update software systems.
- Provided IT support and learned system maintenance.

PROJECTS

House Rental Management System
Developed using Java and MySQL. Includes property listing features, rental management, tenant records, payment tracking, and database integration using JDBC. The system demonstrates skills in backend development, relational database design, and object-oriented programming.

ADDITIONAL SKILLS

- Strong understanding of database structures
- Ability to design clean UI layouts
- Excellent analytical thinking
- Good understanding of software lifecycle
- Ability to work under pressure and meet deadlines

ACHIEVEMENTS

- Completed multiple self-learning courses in programming
- Successfully built and deployed Java-based projects
- Recognized for teamwork and leadership in academic projects
